“ The growing commoditisation of wines frustrates me. Where is the pleasure in wine that all tastes the same? The wine I love contributes to a proud winemaking tradition because it is true to its origins and has its own character”

*-Owner/ Winemaker, Sam Coverdale*

Sam Coverdale established Even Keel in 2006 with a vision to create drinkable, elegant wines that surprise and celebrate the individual strengths of Australia's wine regions. Since 2009, he has specialised in premium, single-vineyard wines from the Mornington Peninsula, under the Polperro label. With a focus towards increased vineyard health using a mix of organic and biodynamic principles. Polperro winery is the home for our handcrafted wines.

# Polperro

Established by winemaker/owner Sam Coverdale, the Polperro Wines are Estate grown on the Mornington Peninsula. The Polperro wines respect winemaking tradition and are produced with the principles of integrity, honesty and sense of place. Every process from the vineyard through to the final wine is carefully considered, nurtured and crafted.

As winemakers and winegrowers, our team is focused on increasing vineyard health using a mix of organic and biodynamic principles. We believe what you put into the vineyards you get back tenfold.

Our wines are sourced from 8 vineyards owned, leased or managed by our viticultural team. Of these vineyard sites, 3 are identified as 'single vineyard sites', due to the high quality of fruit produced and terroir, the special characteristics of the land.

Our single vineyard sites are named after laneways and alleys from our home in Polperro, Cornwall, UK.

## *Our Single Vineyards*

---

### Landaviddy Lane

Landaviddy Lane vineyard is located on Tucks Road in Shoreham. Our Pinot Noir vines were first planted here in 1992, and reside on a gentle southwest facing slope with the vine rows running in a north, northeast direction.

### Mill Hill

Mill Hill vineyard is located on Arthurs Seat Road in Red Hill on a north-facing slope with vine rows running due north. At 270m above sea level, this is the highest and one of the more exposed sites in the region. This ensures a long ripening period which creates high levels of natural acidity which persist through to the wine. There are three grape varieties planted on Mill Hill – Chardonnay, Pinot Gris and Pinot Noir.

### Talland Hill

Talland Hill vineyard is located on the Polperro property in Red Hill. The vineyard is 170m above sea-level, with north facing vines. The Chardonnay greets upon entry to the property with the Pinot Noir vines visible from the bistro deck. Enjoy a fantastic bottle of our Talland Hill, whilst watching the next vintage growing.
